MILLION FOR THE MASTER PROGRAM

The campaign of the Mississippi and North Mississippi Conferences of the Methodist Church to raise a million dollars, during the month of September for the Master's work in Mississippi is now more than half over and the teams of the Master's Messengers who are seeking donations of cash and pledges for that cause from members and friends of the Methodist Church are continuing their solicitations in order to complete their contacts with all members of the local church and realize in full its \$2625 apportionment.

In addition to the institutions and causes heretofore described in these articles, \$100,000 from this million dollar fund has been allocated for the assistance of Negro Methodists in Mississippi in rehabilitating their church buildings and colleges. Many of the Negro church buildings are badly in need of repairs and there is great need for new buildings and endowment funds for Rust College and Mississippi Industrial College at Holly Springs.

The program will require generous contributions from members and friends, but Rev. Philip E. Pierce, pastor of the Bay St. Louis Methodist Church, is looking forward to the time when he can report "apportionment paid in full."

September Meeting Of Womans Society of Christian Service

Mrs. H. J. Thompson discussed the topic "Methodists in the Country" at the September meeting of the Womans Society of Christian Service. Mrs. Thompson discussed in a very interesting manner how the work of the society is taken into these small and remote places and the results of this work. Mrs. Thompson talked especially of John Island which is in South Carolina and the work there. Charleston is the nearest city to this island where the homes are built on stilts and their main crop is rice. In spite of the primitive life there and the lack of what we consider educational advantages the work has taken root.

The devotional, "Green Pastures" was discussed by Mrs. Elizabeth Jenkins, Mrs. W. L. Bourgeois and Miss Josie Miller.

The society pledged \$75 to the "Million For The Master" fund. Time of meeting of the society was changed from 3:30 p. m. to 3 p. m.

The Society met at the home of Mrs. J. W. Gray with Mrs. F. J. Nelson as co-hostess. Visitors were Mrs. Lewis Henderson, Mrs. George Thompson, Mrs. Bracie Smith and Mrs. Romanoff.

Refreshments were served by the hostesses and a social hour was enjoyed.

A Correction

We really created a stir in the family last week, when we reported the Blaize-Mehaffey marriage. Can you imagine a fellow getting his brothers-in-law crossed up, and reporting the marriage of one that has been married for several years and who has a wife and three children. Well we are guilty, but frankly we thought that every one knew Osmond and that some one in the office would catch the mistake, but apparently he is not as well known as we thought he was.

The error was that we married Edmond Blaize to Mrs. Vera Banderet Mehaffey instead of Osmond Blaize.

CELEBRATE GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. George A. Cuevas were surprised at their Fenton home on Tuesday, September 17 with a family gathering on the occasion of this happy couple's fiftieth wedding anniversary—their "Golden Wedding Day."

Mr. and Mrs. Cuevas despite the passing years are still very young in spirit and received the members of their families with their usual hospitable greetings and smiles. The only cloud in their sky was the absence of several children who were unavoidably detained at their homes and places of business and were unable to be with them.

In the house decorations done by members of the family, the color scheme of gold predominated and the large four-tiered wedding cake in gold colored icing and topped with the customary bride and bridegroom in the dress of their day. From this cake extended nine gold colored ribbons and as they were pulled by relatives each bore the name of one of the nine Cuevas children. The table was covered with a white lace cloth and centering it was a large container filled with gladiolas. Only members of the family attended the surprise gathering.

The names of the Cuevas children are in the order of their ages: Earl Cuevas, Poet Laureate of Mississippi; Greenville, Miss.; Howard Cuevas, Biloxi; Milton Cuevas, Biloxi; Mrs. Lottie Gallespy, Oklahoma City, Oklahoma; Mrs. Jessie Cuevas, Kane, Memphis, Tenn.; Ralph Cuevas, Riv-

We recommend that the Sheriff be furnished with sufficient photostatic equipment and other material so that more thorough on the scene evidence and information can be obtained for presentation to the Grand Jury and Petit Jury.

We recommend that the next Legislature of the State of Mississippi give careful study to the establishment of a Bureau or Agency in which trained and skilled investigators may be employed to assist and make investigations in all felony cases.

Now having concluded our labors, we beg to submit this our final report and that we may be discharged.

Respectfully,

BLOOD BANK TO BE HELD WED., SEPT. 25

As per schedule the Knights of Columbus Blood Bank for citizens of Hancock County will be held on September 25, at the Bay High school gymnasium. The dead line for donations to register will be 12 noon, Tuesday, September 24. Those desiring to give blood may register with Mrs. Erla Patton Kirkpatrick, Phone 246.

It has been asked that we stress the fact that this is only the second time that the blood given will be stored as whole blood.

If any citizen in the past was not able to obtain whole blood it was due to the fact that at that time no whole blood bank existed. The hospital fee for administering whole blood is \$10 per pint; however, if there is no whole blood in the bank the cost per pint is \$40, plus the \$10, administration fee. At the present time there is a very small amount in the bank. Two fifths of the blood given will be held on reserve for the citizens of Hancock County. Anyone desiring blood needs only to get in touch with any local doctor and he will make all necessary arrangements.

Meeting of Womans Missionary Society

The devotional was given by Miss Sallie Pearson and Mrs. Harold B. Arthur was the guest speaker.

Mrs. Arthur talked on the recent trip that she and Captain Arthur took to Cuba. Her visit to the Mission School there was quite interesting for this is the only protestant Mission school there.

There was an unusually large number present and several visitors.

September Little Theater Production Presented

An evening of entertainment of a distinctly different type from past Little Theater performances was presented to members and their guests on the nights of September 16, 17 and 18. "The Duchess Says Her Prayers," a one-act play by Mary Cass Canfield, was entirely different in its tone and subject from any other play of this season and was delightful in its color and old-world atmosphere.

The cast was composed of Betty Simpson as the beautiful Madonna Cecilia, Margie Horlock as the heartbroken young Duchess of Bari, and Joseph Perry as the proud and willful Duke of Bari. Directed by Mrs. C. D. Blair, Production chairman of the Little Theater, these three performed their unusual and difficult roles with sincerity and an obvious awareness of the spirit of the play. Their colorful costumes, under the supervision of Mrs. Ruth Luderbac and A. J. Thomas, were true in every detail to the medieval manner of dress.

Particularly beautiful—in fact, by far the most elaborate and beautiful so far—was the 15th Century Italian setting for the play. The stage represented a chapel in a cathedral in Milan in the year 1491, and it was almost incredible to the audience that so exquisite an effect could have been achieved on so small a stage and the with the simplest of materials to work with. Mrs. Katherine Wilson was in charge of the setting and was assisted by her son, A. J. Thomas, who made the stained-glass windows; Mrs. Jean May, who painted the lovely Madonna and Child above the altar; and Elsie Mauffray, C. D. Blair and Frank Clark. Even the floor of the stage simulated stone paving in the minute detail.

Preceding the play and following it were musical selections chosen to set the mood of the evening. There were violin solos by Mrs. Katherine Wilson and vocal solos by Mr. Paul Patterson, both of whom were accompanied by Mrs. J. B. Goldman at the piano; a piano solo by Leandro Rios and piano duets by Mrs. Louise Pate and Mr. Rosales and by Mrs. Pate and John Dupaqueur.

The October Little Theater production will be a three-act comedy, "Enter Madame," which is also to be directed by Mrs. C. D. Blair.

The cases of the State of Mississippi, Ex Rel Luther W. Maples, District Attorney, Harry Sumrall, Bill Bass, and Claude Vincent against M. Bernard, R. J. Daly, Jr., Anthony Trapani, John D. The court order dismissing said causes, reciting the following "That the temporary restraining order issued on July 11th, 1946, be and the same is dissolved and that the bill of complaint be dismissed on its merits at the costs of complainants."

In the case of the District Attorney and others against D. S. Attends State Board of Public Welfare Meeting

Mrs. C. C. McDonald attended the meeting of the State Board of Public Welfare in Jackson last week.

Mrs. McDonald reports that relief for approximately 4,000 needy aged people in Mississippi and a smaller number of needy blind people and children will be forth-coming within the next two or three months.

At the meeting the members of the board voted to give first consideration in allocating additional funds coming to the state under the new federal security act, to persons who have applied for relief, and are not on the payroll.

The waiting list of needy aged people now totals approximately 7,500 with 4,000 of the applications likely to be certified. It was said that the procedure of absorbing the waiting list before raising the amount of the pension was recommended by federal social security authorities at a meeting of state welfare administrators last week held in Washington.

Mr. Bond, state secretary of the state welfare board, is quoted to have made the statement that this will be the first time in the history of the welfare program that there will be no waiting list.

Other members of the state board are H. T. Odum, Greenwood, and Fred Ross, Meridian and Mrs. C. C. McDonald, Bay St. Louis.

Erle P. Kirkpatrick Speaker Before Rotary Club

At the Rotary luncheon held at the Reed Hotel on Wednesday, the speaker was Mr. Erle P. Kirkpatrick, chairman of the International Service Committee.

Mr. Kirkpatrick's first well chosen words defined International Service, relations as between countries and their peoples. How to control resources meant holding the destiny of man, just as we now hold the Atomic secrets—with which we can strive to help all nations for most important now, is to have a World of Good Will and Peace.

Next was shown, how no individual, nor one country can cut away from International Service—for we know that in life, a man, no matter how strong cannot walk alone. Neither can a country.

Here the point brought to light was our opportunities. As all Americans are descendants from some foreign country, many having strong blood ties, Rotary International now has this opportunity to practice the Spirit of Rotary, which is very like a religio—in Service, Tolerance and Understanding.

Finally these solutions with subsequent plans were offered. Rotary must re-emphasize International understanding. This can be accomplished with Institutes of International understanding, learning to think of other countries as individuals, not as groups.

One very good way would be for individuals and countries to learn about the good things, the other fellow has. Let students from foreign countries be educated here. Form letter clubs with Rotary members corresponding with members abroad.

Mr. Kirkpatrick closed his discourse with the following inscription, which is found on a Sanskrit Tablet, 5,000 years old—"Walk together—Talk together—Oh my people, if you would have Peace."

Hancock County Law Enforcement League Meeting at Leetown

The Hancock Law Enforcement League met by invitation with the Leetown group at the Leetown school on Tuesday evening with a large number in attendance.

The meeting was opened by Woodrow Speer who presided and introduced Rev. P. E. Pierce as the speaker of the evening. Mr. Pierce took as his subject "Gambling" and showed the attractiveness of gambling, its evil effects upon the life of an individual, how it is passed down to ones children who are not old enough for self control.

Mr. Pierce gave as a definition of gambling, "A passing of wealth purely on the basis of chance" and showed because gambling requires no skill, no thought, no energy it is attractive. He further said that gambling is the heart of lax laws and said it is the huge revenue that it pays that is corrupting the morals of the people. If a man goes into business or takes out an insurance he wants to eliminate the element of chance and insure an economic safety for his family if that is possible. He also said that gambling is violating the commandment "Thou Shalt Not Covet Thy Neighbors Goods" for getting something for nothing is coveting what some one else has. All success is due to hard work of body and brain but gambling is getting something without the exertion of body and brain. He cited what gambling has done to other cities and how it has dragged the nation of Cuba to the depths. Mr. Pierce closed by saying "Let us gamble for the right, the truth and for Christ and then God will not let us lose."

There were several discussions from the floor and in closing Mr. Speer said that the children of Leetown cannot go to high school without encountering slot machines and seeing whiskey bought and we know he said that where law is not enforced man will destroy himself. Mr. Speer said that no slot machines nor night clubs will open in Leetown because they would not live an hour.

U. S. SETS WORLD EXAMPLE

THE United States today is demonstrating to the world progressive liberalism and democracy in a form and on a scale it has never seen before.

With the opening of schools this Fall more than twenty per cent of our entire population entered the classrooms of schools, colleges and universities. It is estimated that some 30,000,000 boys and girls, young men and women, are engaged in educational pursuits in the United States.

These young people spend one-quarter of their life years in school, acquiring knowledge and the training that will make them good citizens. They are free to live, to say, to think and to believe any of the number of philosophies, theories and systems. They are learning the processes of successes of successful living.

These young people, as a rule, are not intensely interested in the latest cannon developed, the most horrible poison gas or the newest secret weapon reported in some other country. They are content to leave the rest of the world to live for itself, to develop its own people and to make its contribution to humanity in its own way.

Our young people are not fed a government-dictated propaganda of phony conclusions as are the young of some other nations. They have the privilege of liking the nation, its government and its economy or of disliking it, or them. They are units in a great democratic nation but they are comparatively free units.

This is accepted by Americans as a natural state of affairs, despite the fact that most of the people of the world have yet to taste the sweetness of actual freedom and equality or the benefits that inevitably flow from an unfettered educational system, available to all young people at a nominal cost.

ENFORCE TRAFFIC RULES

THE enormous accident toll that is being so often advertised to the American people includes thousands of deaths upon the highways of the nation.

Despite safety regulations, automobile inspections and all that safety conferences can do to educate the public there are some people who continue to drive wildly, to drive while intoxicated and to take chances that involve the life and limb of others.

We have always thought that one of the best ways to make drivers of motor vehicles safety-conscious is to secure, so far as possible, the strictest enforcement of all traffic regulations. This is impossible when patrolmen and police officers overlook violators and when, as sometimes happens, they take chances with the regulations themselves.

Nearly every modern municipality has some rules for traffic which are often violated. It is impossible, of course, to catch all the violators but the better the regulations are enforced the fewer will be the accidents. The observation likewise applies to officers who enforce traffic regulations on our highways.

Importance of The Parent-Teacher Organization

Jackson, Miss., Sept. 14—State Superintendent J. M. Tubb calls attention to the importance of the Parent Teacher Organization as an integral agency with the schools in the promotion of the cause of education in Mississippi. Mr. Tubb urges school leaders who have P. T. A. units to work with this organization and suggests the importance of it to those superintendents who have not set up a P. T. A. program in their schools.

In 1947 the Parent Teacher Association will celebrate its fiftieth anniversary. An anniversary goal already set is to secure 50,000 members by 1947. By encouraging the establishment of new units or re-activating units already established, this goal should be obtained with no difficulty, thinks Mr. Tubb.

The theme of the P. T. A. in Mississippi for the 1946-47 school year is "Education for Responsible Parenthood." Mr. Tubb calls attention to the propriety of this theme at a time when much parental irresponsibility appears to exist by the evidence of juvenile delinquency and other signs of broken homes. The re-establishment and preservation of the homes are essential to our way of life. The leaders in the Parent Teacher Association of Mississippi are working diligently in this matter and Mr. Tubb calls upon school leaders to assist, where possible, in these programs.

VIOLATORS BEWARE!

Excellent hunting and fishing areas on islands and other Mississippi River land areas within the reach of only those hunters and game agents with seaworthy boats at their disposal have ceased to be a no man's land in-so far as game law enforcement is concerned.

On the 8th day of September, patrolling from the U. S. Fish and Wildlife Service Boat, the Goddard, Mississippi and Arkansas agents confiscated 32 squirrels and one coon in the prosecution of 19 violations of the Game and Fish Laws of Mississippi. Fines totaled \$190.00 and court costs probably exceeded \$65.

R. M. Freeman, Director of the Mississippi Game and Fish Commission, explained that a complete report would necessarily await completion of the operation.

Pat W. Close, U. S. Game Management Agent for Mississippi, announced today that the season for shooting doves began on Monday, September 16 and continues until

"WITHOUT RESERVATIONS"

Claudette Colbert Has John Wayne As Co-Star In New Comedy; Story of Gay Transcontinental Trip

Mervyn LeRoy's new production "Without Reservations" offers a gay, up-to-the-minute entertainment. Claudette Colbert and John Wayne are starred in this merry transcontinental comedy.

The story revolves around the adventures of a novelist, played by Miss Colbert, who is on a trip from New York to Hollywood in connection with the filming of her best-seller. On the train she strikes up an acquaintance with two Marine flying corps officers, played by Wayne and Don DeFore, the latter being featured. As Wayne and Miss Colbert become interested in each other, the novelist becomes convinced that he would be natural for the male lead in her picture.

In Chicago she discovers that the Marines have reservations on another train, and rather than lose sight of Wayne, she boards their crowded train without reservations or ticket, abandoning her baggage in her rush to make the connection. Complications follow, notably when Wayne and DeFore try to teach Claudette how to fly, in the club car, and they are all put off the train. Their adventures in a second-hand car in a wayside ranchhouse at which they stop; Claudette's arrest and jailing in New Mexico; all follow—before the love affair straightens out.

In addition to the three principals, Anne Triola is seen as a girl with a weakness for service men, Dona Drake as a Latin siren who sets her cap for Wayne, and Frank Puglia as her father. Louella Parsons and

Adequate Service Depends on Adequate Earnings

Your Telephone Company is doing the largest volume of business in its history, yet telephone earnings continue to go down rapidly. The reason is perfectly clear. While your telephone rate has remained the same for many years, the costs of furnishing you service have increased. Wages, building costs, telephone materials, services, all have been going up so fast that—

The amount of money Paid Out to provide service is increasing faster than the amount Taken In. Actually telephone earnings today are the lowest in our history!

It is basic with any business that good service depends on reasonable earnings. To render good telephone service and to continually improve and expand it, reasonable telephone earnings are essential.

1 The amount of money Paid Out to provide telephone service is increasing faster than the amount Taken In.

2 Telephone earnings are the lowest in history.

3 Reasonable telephone earnings are essential to good telephone service.

IT'S A FACT

That the idea of condensing and canning fresh milk originated at Liberty, Mississippi. Gail Borden, founder of one of the world's largest milk companies, is said to have manufactured the first can of condensed milk shortly after 1828 while living at Liberty, where he was employed as a surveyor and school teacher for Amite County. The company he founded operates three huge condensing plants in Mississippi today.

AND IT'S ALSO A FACT

A vast majority of the retailers of beer in Mississippi operate clean, law-abiding places of business and fully cooperate with state and local law-enforcement authorities and with the United States Brewers Foundation in the maintenance of high standards. The Foundation invites the support of every serious-minded citizen for its Self-Regulation program, which has elevated conditions surrounding the sale of beer in Mississippi to a level those engaged in the business may view with pride.

ALBERT A. LEGETT RE-APPOINTED AS STATE FORESTER

Forestry Commission Approves Purchase of New Patrol Plane; Added Million Acres To Get Protection

Jackson, Miss., Sept. 9.—(Special) —Albert A. Legett, long-time State

Forester of Mississippi, was re-elected to a new four year term by unanimous vote of the Mississippi Forestry Commission at their regular monthly meeting held in the Governor's Office with Governor Thomas L. Bailey, Ex-Officio Chairman, attending.

Mr. Legett was first named to the post in 1941. He has long been prominently identified with the movement to give the timberlands full state-wide protection. Members attending the Commission meeting, in addition to Governor Bailey, were Robert M. Newton, Wiggins; J. B. Snider, Clarksdale; E. R. Creekmore, Calhoun City; W. A. Myers, Deemer; State Land Commissioner, W. L. McGahey, ex-Officio member; State Commissioner of Agriculture, Si Corley, Ex-Officio member and L. M. Fairchild, Aberdeen.

The Commission also authorized the purchase of a new patrol plane, which, according to Mr. Legett, will be used to patrol the Delta Area in the autumn and the hill counties during the winter months.

It was further pointed out by the State Forester that this will mark

the first time in the state's history that any part of the Delta Section has been under protection of the Forestry program.

Mr. Legett said the patrol plane will be equipped to communicate with ground fire crews and look-out fire tower stations and "it is hoped," he added, "that through the use of this plane with radio communications and emergency fire fighting equipment, including a heavy tractor for fire lane construction that we will be able to qualify 1,000,000 additional acres for fire protection."

The Commission approved the purchase of a patrol plane, according to Mr. Legett, "because of its cruising range, safety devices and economy of operations, among other things."

The Forestry Commission membership also had a conference with the State Forest and Chemurgic Association and gave all-out support to the Chemurgic Association officials. Representing the Forestry and Chemurgic Association were State Senator James E. Clark of Crosby; Robert McFarland, Jackson; and Frank Pittman, Jackson.

Christmas Packages For Army Personnel Overseas May Be Mailed Without Request Slips Between Oct. 15 and Nov. 15

Atlanta, Ga., Sept. 18.—Christmas packages for Army Personnel overseas may be mailed without request slips between October 15 and November 15, Major George F. Heinz, postal officer announced today.

That gives relatives and friends of the GIs a month longer to mail packages to insure their arrival overseas by Christmas Day than was the case during the war, Major Heinz stated, due to the great reduction of soldiers in foreign fields since the shooting stopped.

Only one package may be mailed by any one person to any individual overseas in any one week during the mailing period specified. The weight limit per package is 70 pounds and may measure not to exceed 100 inches in length and girth combined.

For Army personnel sent overseas

shortly before or subsequent to November 15, packages will be accepted up to December 10, but the sender must present a change of address card from the addressee, received subsequent to October 30 and these packages must be marked "Christmas Parcel." Only one such parcel will be accepted from one individual. A change from the war years is noted in the fact that parcels may be insured or registered, but they must be securely packed or wrapped to be acceptable.

No liquor, matches, combustibles, ammunition, revolvers or other firearms may be mailed and no perishables.

ORTTE THEATER SUNDAY-MONDAY "THREE WISE FOOLS"

Margaret O'Brien, Lionel Barrymore with Lewis Stone And Thomas Mitchell

Whether or not you believe in fairies, you will unquestionably be brought over to little Margaret O'Brien's point of view as the delightful little Irish miss who puts up a battle for her pixies against three unimaginative rich old men, as unfolded on the Ortte screen in the new M-G-M comedy, "Three Wise Fools," this Sunday and Monday.

This is the story of three embittered, cantankerous bachelors whose money has brought them little happiness and who try to win public approval by the gift of an old estate to a college for a Greek, the unexpected arrival from Ireland of tiny Sheila O'Monahan, owner of the property, who announces her intention of making her home with the bachelor trio, but who refuses to sell them her property because it will mean that an old oak tree will have to be cut down to make way for the theatre. The tree is the home of the pixies in whom Sheila fervently believes.

Desperate at being made fools of, Sheila's three godfathers try every device they can think of to make her relinquish her rights to the property. The child remains amiable but obstinate until by trickery she is led to believe that a band of midgits are her beloved pixies. When circumstances reveal that she has been duped by the old bachelors whom she trusted, the heartbroken girl takes refuge in a convent. Her repentant godfathers find life without the tiny tot joyless, and in a bold climax find a way to save the magic tree and to bring Sheila back to the fold.

The irresistible Miss O'Brien, complete with pixials and an Irish brogue, offers an enchanting portrayal as Sheila, and with seemingly no effort can make the spectator laugh or cry at will. Barrymore has a made-to-order role as the gruff Dr. Gaught whose coldness melts.

An additional standout role is that of Thomas Mitchell, playing Sheila's personal man servant.

The amusing dialogue, realistic staging and expert direction of Edward Buzzell help make "Three Wise Fools" one of the season's most engaging comedies and another triumph for the remarkable Miss O'Brien.
